Scholars Program
2024-2025

Zuckerman "Esprit de Corps": Day trip to the South - July 2023

The Zuckerman STEM Leadership Program attracts high-achieving postdoctoral scholars from premier universities in the United States and Canada to do research in STEM areas in Israel.

DURATION, FUNDING AND ELIGIBILITY

Zuckerman Postdoctoral Scholarships will be awarded for up to two years. Candidates may apply to STEM departments in more than one of the 8 participating Israeli universities.

**ISRAELI UNIVERSITY
POSTDOC TRACK**

**JOINT NORTH AMERICAN-ISRAEL
POSTDOC TRACK**

→ Postdoctoral scholars receive a scholarship of **\$63,000** per academic year for up to two years.

Of this amount,

- **\$60,000** is provided by the Zuckerman STEM Leadership Program, of which:
 - > \$51,600 divided into monthly payments of \$4,300 for living expenses.
 - > \$8,400 towards relocation reimbursement for the first year.
 - > \$8,400 towards research and travel to professional conferences for the second year.
- An additional \$3,000 in research funds is directed to scholars through their supervisors at their Israeli universities.

- Postdoctoral candidates must be citizens of the United States or Canada or have a documented status that allows them to study and work in the US.
- Candidates must hold a PhD degree from a leading American or Canadian university, or if still studying for a PhD, must submit their PhD thesis before October 1, 2024. They should be planning to return to the United States or Canada to compete for an academic position.
- Postdoctoral candidates must obtain consent from a potential hosting supervisor at the Israeli university/universities to which they are applying.

→ Joint Postdoctoral scholars receive a scholarship of **\$63,000** per academic year for up to two years.

Of this amount,

- **\$60,000** is provided by the Zuckerman STEM Leadership Program, of which:
 - > \$51,600 divided into monthly payments of \$4,300 for living expenses.
 - > \$8,400 towards relocation reimbursement upon completion of at least one year of their two-year scholarship in Israel.
- An additional \$3,000 in research funds is directed to scholars through their supervisors at their Israeli universities.

- Joint postdoctoral candidates must be citizens of the United States or Canada or have a documented status that allows them to study and work in the US.
- Candidates must hold a PhD degree from a leading American or Canadian university, or if still studying for a PhD, must submit their PhD thesis before October 1, 2024.
- Joint postdoctoral candidates must obtain consent from potential hosting supervisors at both the Israeli university and the American or Canadian university to which they are applying.
